

Warrigal Creek

Contribute to the maturing of our great nation

Massacres are not often discussed as part of this country's colonisation.
However, they were common.

This documentary is investigative journalism on the formation
and activity of the Highland Brigade in Gippsland.
It is followed by a panel discussion with the intention
of education and healing.

This intention could ripple to greater knowledge
and respect of Aboriginal stories.

DATE: Tuesday 16 July 2019
